**# Students in course:**  
**# Students tested:**  
**Date:**

This is to verify that the students on the attached class roll\* accomplished the following performance objectives at or above the 80% (moderately to highly skilled) level.

1. The student will demonstrate a basic knowledge of the Internet and the tools used to access information using the elements in objectives.
2. Plan and design a website through the use of basic design principles and a storyboard using element in objectives.
3. The student will use HTML to create attractive web pages using the elements in objectives.
4. The student will use commercial web design software (ie: Macromedia) to create attractive web pages using the elements in objectives.
5. The student will create and prepare images to integrate with web site designs using the elements in objectives. Example image software: Fireworks, Photoshop, Picasa, Paint, etc.

Each performance is documented and kept on file for two years. (check one or more)

- ☐ Individual student performance tracking sheets
- ☐ A class period summary score sheet
- ☐ Recorded and identified in the class grade book

Instructor's Signature: \_\_\_\_\_

\*Attach a copy of the class period roll and draw a single line through any student on the roll not accomplishing ALL required performance objectives at the 80% (moderately to highly skilled) level.
